

Vara Prasad Palivela

Full Stack Developer | Python Developer | AI/ML Enthusiast

Anakapalle, Andhra Pradesh | +91 7671912309 | palivelavaraprasad46@gmail.com

LinkedIn | GitHub | Portfolio

Summary

Computer Engineering student (graduating 2026) with hands-on project experience in Full Stack Development, Python, Machine Learning, and Generative AI. Builds web applications and data-driven solutions independently; quick learner with a strong self-learning track record.

Technical Skills

Languages	Python, JavaScript, PHP, Java, C, SQL
Frontend	React.js, HTML5, CSS3, Responsive Web Design
Backend	PHP, REST APIs, Authentication Systems
Database	Oracle DB, SQL, PL/SQL
AI / ML	Machine Learning, Generative AI, Prompt Engineering, Predictive Analytics
Tools	Git, GitHub, VS Code

Projects

Creator OS – AI Content Creation Platform	2024–2025
- Built an AI-powered platform that generates scripts, content ideas, and competitor analysis reports using generative AI APIs. - Applied prompt engineering to improve output quality and automated end-to-end research workflows.	
UPI Fraud Detection System	2024–2025
- Trained and evaluated ML classifiers to detect fraudulent UPI transactions using predictive analytics. - Engineered transaction features and implemented a near-real-time suspicious-activity flagging pipeline.	
Personal Portfolio Website	2024
Developed a fully responsive single-page portfolio in React.js with reusable components and cross-device optimisation.	

Education

Diploma in Computer Engineering	2023–2026
BR Ambedkar G.M.R. Government Polytechnic College, Rajamahendravaram, AP	
Secondary School Certificate (10th)	2022–2023
ZP High School, Visakhapatnam, AP	

Achievements & Interests

- Independently built and shipped multiple Full Stack and AI/ML projects demonstrating end-to-end ownership.
- Active on GitHub – maintained version-controlled repositories following standard development workflows.
- Keen interest in Generative AI, Large Language Models (LLMs), and cloud-based application development.
